

Where Success Lives in the New Year!

We are excited to announce that Gallery Residences is one of the leaders in condominium sales in Atlanta and is now 80% sold!

FEATURE PRESENTATION

Gallery is pleased to present its first ever resident testimonial video.
See first hand why they chose Buckhead's ultimate address.

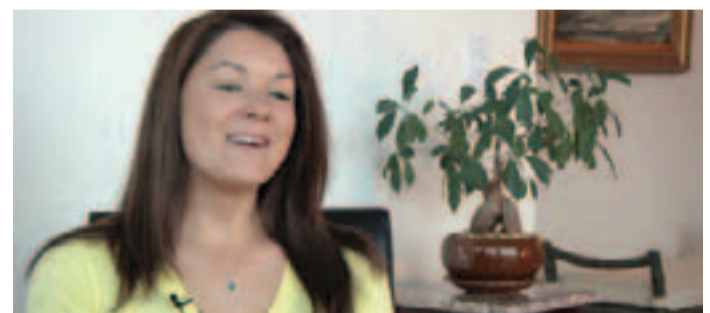

"We wanted a change and this is the kind of change that we wanted. Not having a yard or all the maintenance of a house. Here you come in and you lock the door when you leave and it's easy." - Tom & Patty Hodgson

"Environment is very important to us – atmosphere, energy and we felt like this building has a great environment."
- Julie Lord

"We like having things at our fingertips - restaurants, theater, places to shop, things to do, great neighborhood to walk in." - Jim Simons & Edmond Faget

"If I was to design the floorplan that I wanted, have the gym that I wanted, the pool, the location that I wanted to be close to work, to the restaurants and nightlife... All of it would be right here [at] Gallery." - Lauren Moneyhan
