Reduced Pricing Now Available

UP TO 35% OFF ORIGINAL LIST PRICE

2 bedrooms/2 baths from the low \$300's

2 bedrooms/2.5 baths plus den from the mid \$300's

From artichokes to apricots,

spring is one of the best seasons for fresh Georgia produce - and what better place to find the cream of the crop than at the Peachtree Road Farmers Market!

Located directly across the street from Gallery Residences, the Peachtree Road Farmers Market is now the largest producer-only market in metro Atlanta. Due to overwhelming community support, the Market has grown from 12 vendors in its first year to 70 vendors in 2011.

Vendors range from farmers, meat and dairy purveyors, chefs/prepared food specialists and artists. Now in its fifth year, the Market is a leader in the region with over 36 chef demonstrations scheduled this season. The Market

takes place every Saturday beginning April 9th, rain or shine, until December 17th and each week brings new produce, vendors, events and fun!

For more information on next weekend's market, visit

Going Green for Condo Dwellers

Going green doesn't have to be an added expense; you can help by making these small changes a part of your daily routine:

- 1** Make plastic water bottles a thing of the past - just install a faucet water filter and use stainless steel water bottles when you're on the move.
- 2** Pull the plug on your appliances when not in use - not only is this safer, you'll save energy and money.
- 3** Draw the shades - by covering your windows with thick drapery or shades, you'll reduce heat loss in the winter and keep your condo cooler in the summer.
- 4** Ready, set, save - program your thermostats to conserve energy and money while you're away from home.
